

SECTION 8.3.1

CONVEX MIRRORS – Outdoor

An extremely durable weather-proof mirror suitable for road and pedestrian traffic applications, distribution depots and parking areas. Unbreakable polycarbonate face with high visibility orange visor.

MC4500D & MC6000D models clamp to 60mm diameter posts. MC8000D & MC10000D models clamp to 75mm diameter post.

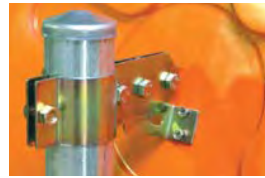

Optional wall mount brackets are available for use where post mounting is not appropriate.

Value Features:

- » Weather-proof unbreakable polycarbonate face.
- » Fully adjustable to any angle.
- » Standard with post mount.
- » Optional wall mount bracket available.
- » Four standard sizes.

Optional wall mount bracket.

Post mount bracket.

PART No.	DESCRIPTION
MC4500D	450mm Outdoor convex mirror
MC6000D	600mm Outdoor convex mirror
MC8000D	800mm Outdoor convex mirror
MC10000D	1000mm Outdoor convex mirror

PART No.	DESCRIPTION
MCB60	Wall mount bracket for MC450/600
MCB75	Wall mount bracket for MC800/1000
SP2800	2800 x 60 galvanised post
SP2800/75	2800 x 75 galvanised post

SECTION 8.3.2

CONVEX MIRRORS – Indoor

A wide-angle mirror designed for wall mounting for indoors or outdoors using the standard wall mount bracket included. Useful in a wide range of applications including shops, warehouses, schools or carparks etc.

Value Features:

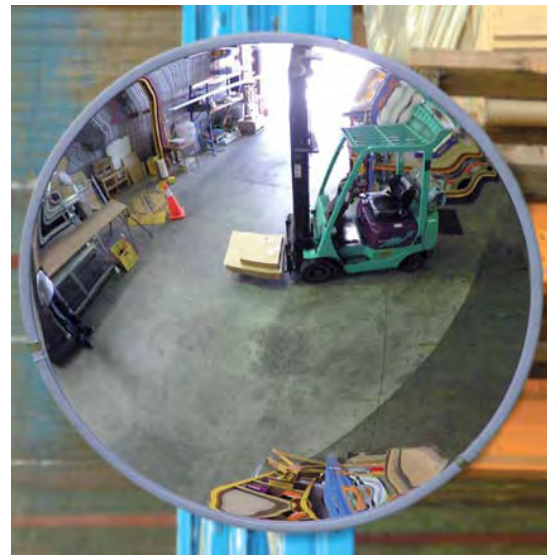

- » Unbreakable polycarbonate face.
- » Fully adjustable to any angle.
- » Extends field of view over a broad area.
- » Supplied with wall and post mount brackets.

Wall mount bracket.

Post mount bracket.

PART No.	DESCRIPTION
MC300ID	300mm Indoor convex mirror
MC450ID	450mm Indoor convex mirror
MC600ID	600mm Indoor convex mirror
MC800ID	800mm Indoor convex mirror

SECTION 8.3.3

CONVEX MIRRORS – Indoor Dome

An economical, lightweight alternative where general surveillance of a broad area is required. Full domes may be suspended on chains or fixed directly to the ceiling and provide a 360° view. Half domes provide a 180° view and corner domes provides a 90° view.

Value Features:

- » Lightweight and simple mounting.
- » Full, half or corner domes for any situation.
- » Unbreakable polycarbonate face.
- » No maintenance required.

PART No.	DESCRIPTION
D60360	600mm Dome mirror
D60180	600mm Half Dome mirror
D6090	600mm Corner Dome mirror

SEE SECTION 5 FOR VEHICLE INSPECTION MIRROR.

SECTION 8.3.4

CONVEX MIRRORS – Hi-Viz Round

Tough shatter proof polycarbonate mirror lens with durable moulded fibreglass backing.

The outer rim of the lens which is moulded as one piece with the backing panel, has the added advantage of being highly visible at night or in low light, due to the premium grade class 1 reflective surface.

Suitable for indoor or outdoor applications to increase visibility and eliminate blind corners.

Value Features:

- » Weatherproof unbreakable polycarbonate lens.
- » High visibility Red/White class 1 reflective rim.
- » One piece moulded fibreglass back panel.
- » Available in 4 standard sizes.
- » Supplied with mounting brackets.

PART No.	DESCRIPTION
MC450HV	450mm diameter Hi-viz Indoor/Outdoor mirror
MC600HV	600mm diameter Hi-viz Indoor/Outdoor mirror

PART No.	DESCRIPTION
MC800HV	800mm diameter Hi-viz Indoor/Outdoor mirror
MC1000HV	1000mm diameter Hi-viz Indoor/Outdoor mirror

SECTION 8.3.5

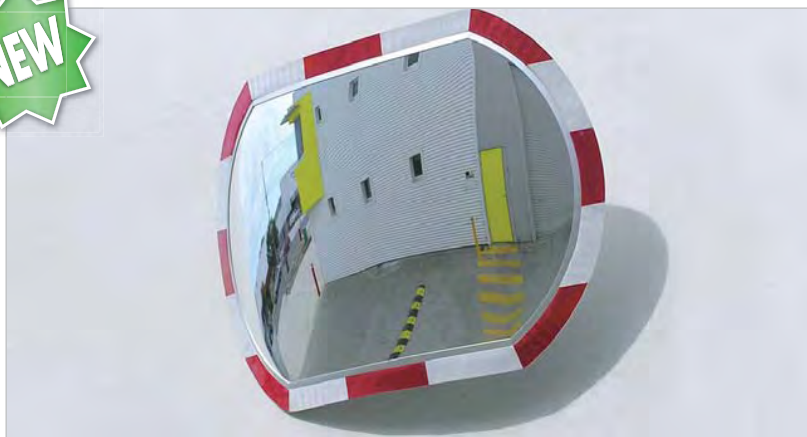

CONVEX MIRRORS – Hi-Viz Roundtangular

The Roundtangular Hi-viz mirror has all the same structural features as the round model above.

The elongated shape allows a wider field of view while allowing a more compact shape.

Also suitable for indoor or outdoor use and is supplied with mounting brackets.

The one-piece outer rim with class 1 reflective is moulded into the backing panel.

Value Features:

- » Weatherproof unbreakable polycarbonate lens.
- » Highly visible Red/White class 1 reflective rim.
- » One piece moulded fibreglass back panel.
- » Wider field of view with compact shape.
- » Supplied with mounting brackets.

PART No.	DESCRIPTION
MC570RHV	390 x 570mm Roundtangular Hi-viz mirror
MC640RHV	440 x 640mm Roundtangular Hi-viz mirror

PART No.	DESCRIPTION
MC830RHV	550 x 830mm Roundtangular Hi-viz mirror
MC970RHV	660 x 970mm Roundtangular Hi-viz mirror

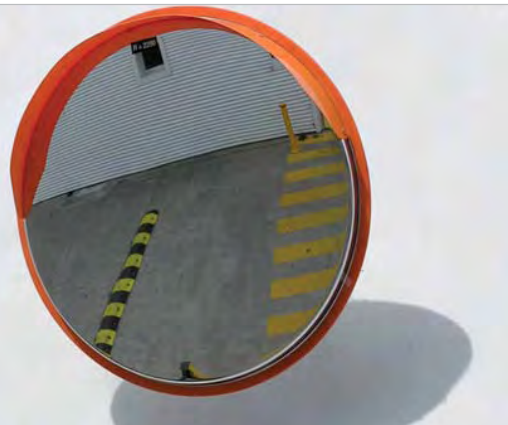

SECTION 8.3.6

CONVEX MIRRORS – Stainless Steel

Stainless steel offers the ultimate in long term weather and impact resistance for convex mirrors.

They are particularly suited to outdoor environments where vandalism is likely to occur, including public areas, roads, railway stations, airports and prisons etc.

Supplied with heavy duty hot dip galvanised brackets to suit 75mm post.

Value Features:

- » Suitable for extreme weather conditions.
- » Unbreakable and high impact resistance.
- » Long life span/reduced cost over long term.
- » Virtually maintenance free.
- » Brackets included.
- » Reduced radius of lens gives better viewing.

PART No.	DESCRIPTION
MC600SS	600mm Stainless Steel convex mirror
MC800SS	800mm Stainless Steel convex mirror

PART No.	DESCRIPTION
MC1000SS	1000mm Stainless Steel convex mirror
SP2800/75	2800 x 75mm galvanised post
