

SECTION 8.4.1

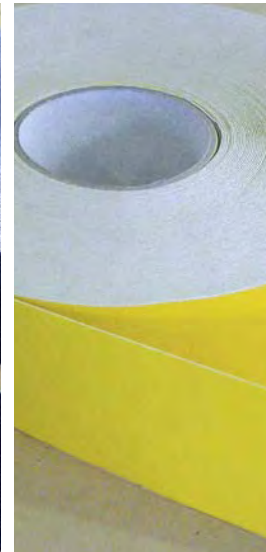

ANTI SLIP TAPE

Reduce accidents due to slipping. Apply to any clean dry surface, e.g. stair treads, ramps or hazardous floors. Durable self adhesive backed grit surface.

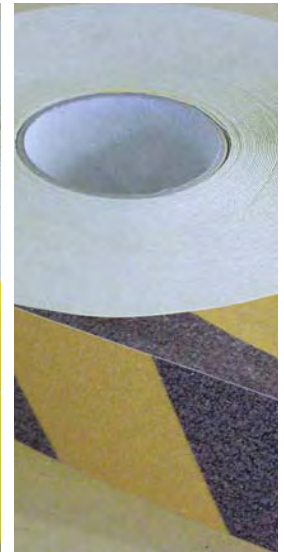

PART No.	DESCRIPTION
AT50B	50mm x 5 metre – Black
AT100B	100mm x 5 metre – Black
AT50Y	50mm x 5 metre – Yellow
AT100Y	100mm x 5 metre – Yellow
AT50YB	50mm x 5 metre – Yellow/Black

AT50B / AT100B.

AT50Y / AT100Y.

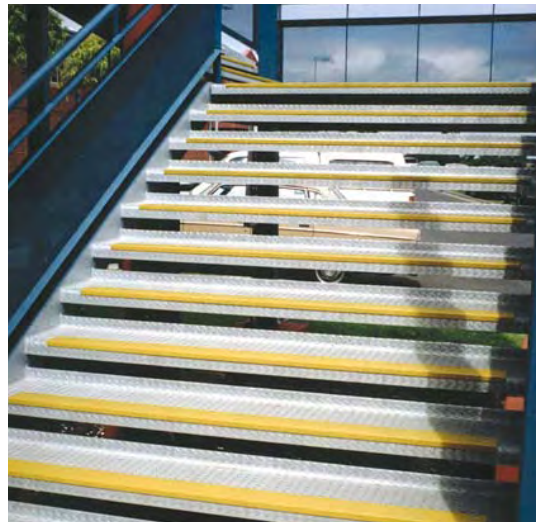

AT50YB.

SECTION 8.4.2

ANTI SLIP PANELS

Highest rating of slip resistance possible.

CSIRO tested heavy-duty and durable prefabricated sections designed specifically to create an effective anti-slip surface in all commercial and industrial situations. This product received "R13" rating, which is the highest possible rating for slip resistance. Ideal for any size stairs, steps and small to medium sized floors, platforms and walkways, eg. staircases, machinery, equipment, vehicles, work platforms, walkways, ramps, fixed and portable ladders, wet or oily floor areas etc. Can be easily applied to any flat, textured or perforated surface, eg. flat plate steel, steel pipe or box section, checker and tread plate, steel mesh, concrete, timber etc. Little to no down time required for installation. Able to sustain heavy pedestrian and light vehicle traffic. Can be used in areas that are exposed to oils, solvents, water, chemicals and acids.

Stair nosing.

Diamond hard silicon-carbide aggregate in epoxy resin.

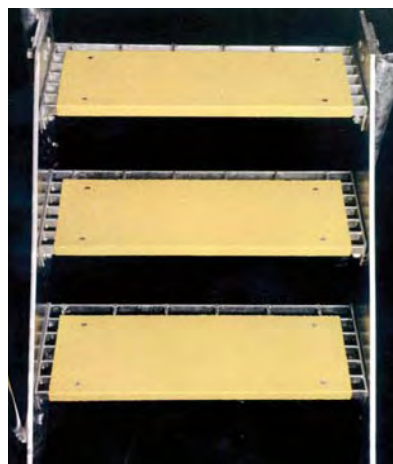

Value Features:

- » Suited to heavy duty industrial uses.
- » Resistant to chemicals and U.V.
- » Easily fitted with minimal down time.
- » CSIRO rated to R13.
- » Designed to comply with AS1428.1.
- » Can be custom made if required.
- » Totally non-porous. Will not absorb liquids or stains.
- » Highlights leading edge of steps.

Specifications:

Description:	Fabricated anti-slip panels.
Material:	Backing – 1.2m galvanised sheet. Coating – two part high build epoxy resin with diamond hard silicon-carbide aggregate.
Finish:	Safety yellow. Other colours on request.
L/W/H:	See P/N description at right.
Installation:	Can be mechanically fixed or adhered.

Stair nosing.

Floor Plates.

PART No.	DESCRIPTION
AN75050	Stair nosing 750 x 50 x 25 – Yellow
AN90075	Stair nosing 900 x 75 x 25 – Yellow
AN120075	Stair nosing 1200 x 75 x 25 – Yellow
AF600200	Floor plate 600 x 200 – Yellow
AF900100	Floor plate 900 x 100 – Yellow
