ID PAL LABELING TOOL

Professional Labeling with a Difference
Labels that stick - Easy to use - Save time and Money

GENERAL

Prints up to two lines of text

WIRE

Prints up to four lines of text

BANNER

Built-in leader for wrapping wire/cable. Choose from 10 pre-programmed lengths.

Designed specifically for electrical and datacomm installers.

ID PAL is an affordable, easy to use, portable thermal transfer printer designed for the field, not the office. The rugged design has been tested to withstand harsh environments and a tough 1.2 mtr drop test to concrete.

ID PAL uses Brady high performance labeling materials. The labels stick longer and stronger on those tough to adhere surfaces, from wire and cable to highly textured plastic. As a result **ID PAL** eliminates the confusion caused by faded, smeared or poorly written labels, or labels that fall off leaving unidentified wires.

- Prints Brady-quality labels.
- Non-smearing thermal transfer printing.
- Lightweight (600 grams with batteries and cartridge).
- Anatomic Design to fit your hand.
- Dimensions: 228.6mm Long x 114.3mm Wide x 63.5mm High
- Quick, top-load, drop-in tape cartridge.
- Easy-to-peel labels.
- Intuitive keyboard with electrical and datacomm symbols.
- 5 different font sizes.
- Special wire marking mode with 10 preset lengths.
- Built-in industrial cutter.
- Sequential Numbering.
- Automatic shut-off.
- Uses six AA batteries.

!!WARRANTY!!
