Horizontal Plan File Cabinets

Safe, efficient storage of diverse oversize materials ranging from plans, maps, charts, photographs, engineering drawings, and artwork through to biological artefacts and geological samples.

Brownbuilt plan files are available in **6 and 10 drawer** configurations with a quality riveted external construction and welded internal support channels for **high load capacity**.

Drawers open smoothly with ball bearing carriage wheels operating on steel tracks, and feature a **ramp-stop mechanism** to prevent drawers drifting open.

Contents are protected in **riveted drawer bodies** by a hinged front retainer flap and fixed rear hood.

Brownbuilt plan file drawers are fitted with two alloy, finger-grip handles to make opening even **fully loaded drawers** simple.

Cabinets are designed with top and bottom nesting domes for **safe vertically stacking**, and can be ordered with either a **welded box stand or raised stand with legs**.

Brownbuilt
