

# SPMMC-01 Collapsible Mesh Cage

A stackable transport and storage cage, ideal for production, warehousing and component storage applications. Easily collapsible for space saving during transport, the SPMMC-01 is assembled without any tools in seconds. Cage is fitted with a drop down access gate allowing easy access to the base, even when stacked.

The SPMMC-01 cage can be transported by forklift or pallet trolley, and can be stacked 2 high when fully loaded, making this cage suitable for racking or stand alone applications. Front and rear panels are removable.

**SPECIFICATIONS:**

- Lift Capacity: 1000 kg
- Unit Weight: 94 kg
- Collapsed Height: 248 mm
- Powder coated frame / zinc plated insert panels.
