

## General Purpose Containers & Racks

RMFBMR

RMFBR

RMFB1

The RMFB1 container is moulded from food grade polyethylene and comes as standard with a lid which allows positive stacking. This container is ideal for use in food factories as it is entirely smooth and snag free and therefore is entirely hygienic.

The **RMFBR** and **RMFBMR** mobile racks are supplied in stainless steel complete with zinc plated castors. Stainless Steel castors can be supplied to order.

Full labelling facility available for these racks and containers if required. Please ask for further details.
