BAILEY DUAL PURPOSE & STEP EXTENSION LADDERS

Comet – Aluminium 120kg

- Strong and safe extended ladder position ensured by heavy duty locking hinges and a full step overlapping construction.
- Slightly tapered back legs provide added stability when used as a stepladder.
- Punchlock® design for additional torsional rigidity.
- Made to Australian and New Zealand Standard AS/NZS1892.1.
- Suitable for light trade applications and home maintenance.
- Very versatile – easily converts from step to straight ladder.
- Full width 75mm treads provide comfortable foot support the whole length of the ladder.
- Made from heavy-duty aluminium – light yet very strong.
- 120kg Load Rating. • Industrial Duty Rating.
- Made in Australia.
