ORWAK 9020

A top loading, strong partner

Our real heavy weight. An extendible system for companies with large amounts of packaging materials, recyclables etc. Compacting bales up to 300 kg (plastic). The 9020 is simple and easily extended with extra chambers when your needs increase. The press head is extremely easily manoeuvred sideways over the correct chamber.

The press force can be regulated individually for each chamber, according to the material.
