# SPILL CONTROL PALLETS/WORK CENTRES

Multifunctional units improve productivity, keep personnel safe from accidental slips, and limit exposure and clean-up costs from hazardous spills. Dark grey colour camouflages dirt.

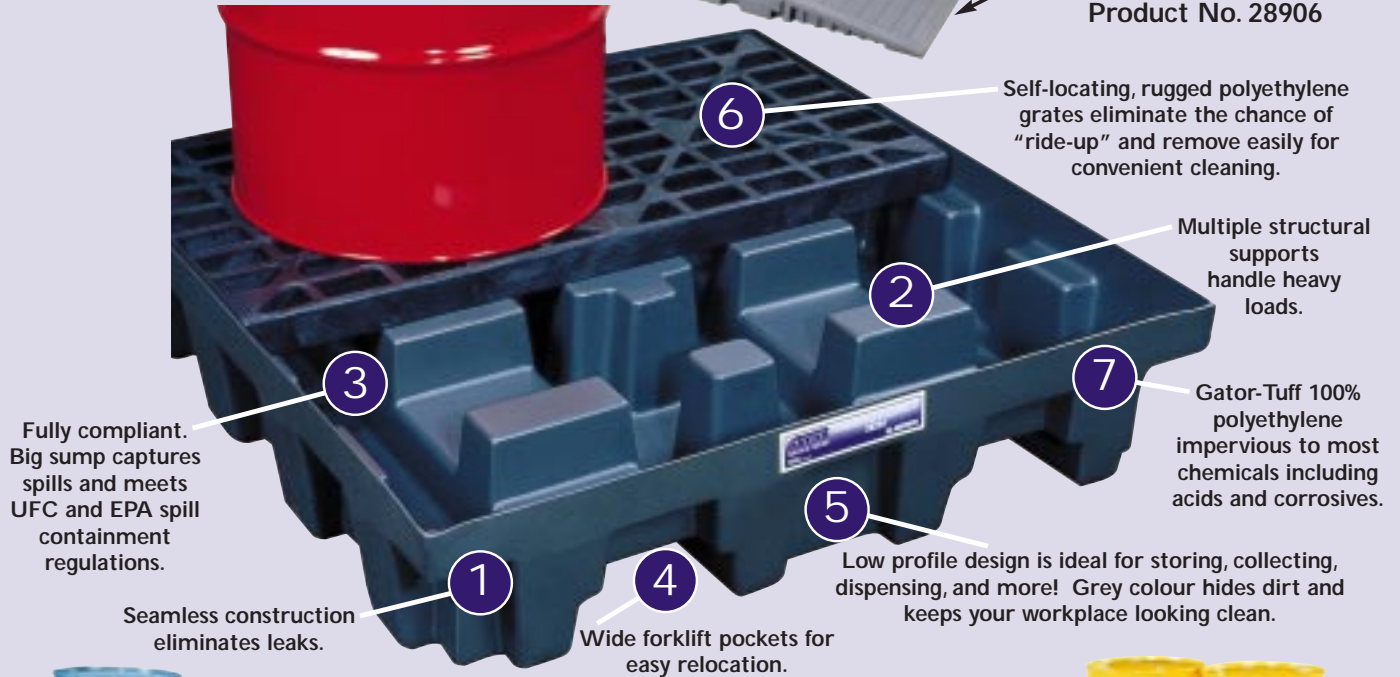

4-Drum Square Pallet Product No. 28254

Hazmat Accumulation Centre - 8 drum Product No. 28905

Accumulation Centre Ramp Product No. 28906

3 Fully compliant. Big sump captures spills and meets UFC and EPA spill containment regulations.

1 Seamless construction eliminates leaks.

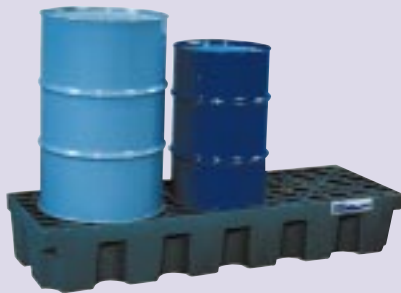

4 Wide forklift pockets for easy relocation.

5 Low profile design is ideal for storing, collecting, dispensing, and more! Grey colour hides dirt and keeps your workplace looking clean.

6 Self-locating, rugged polyethylene grates eliminate the chance of "ride-up" and remove easily for convenient cleaning.

2 Multiple structural supports handle heavy loads.

7 Gator-Tuff 100% polyethylene impervious to most chemicals including acids and corrosives.

# SPILL CONTAINMENT CADDY

A single solution for drum handling safety, mobile dispensing capability, and in-built containment.

- Big 250 litre sump capacity with exclusive, new "open view" makes spill detection and clean-up easy!
- New double-duty style accepts 205 litre drums; double loop straps hold drum securely in place.
- Gator-Tuff polyethylene construction provides exceptional durability and chemical resistance. One piece body eliminates leaks.
- Transport 273 kg. loads safely, minimising back injuries. back kickplate makes drum tipping easy, and big rounded handles accommodate heavy work gloves for comfortable handling.

## ● Outdoor Spill Containment Caddy Product No. 28908

W 81 cm / D 184 cm / H 69 cm  
Sump Capacity: 250 Litre  
Load Bearing Capacity: 273 kg.  
Weight: 56 kg.  
Compliance: EPA, UFC

Check for leaks with a simple glance inside deep "open view" dispensing well.

# DRUM MANAGEMENT SYSTEM

Modular system combines efficient drum storage, positive spill control, and safe liquid dispensing.

- New double-duty design permits combination storage of 205 litre drums.
- Gator-Tuff polyethylene stands up to industrial abuse and will not rust or corrode. Compatible with a broad range of chemicals.
- Base Module with moulded-in ribs supports loads up to a total of 1365 kg.
- Generous 250 litre "open view" sump exceeds EPA requirements for spill control. Seamless design eliminates leaks.
- Moulded-in drum lock channels hold barrels securely in place. Optional strapping can be slipped through hold down slots for transport by forklift.

Well holds a variety of containers up to 20 litres.

## ● Drum Management System-Base Module - Product No. 28902

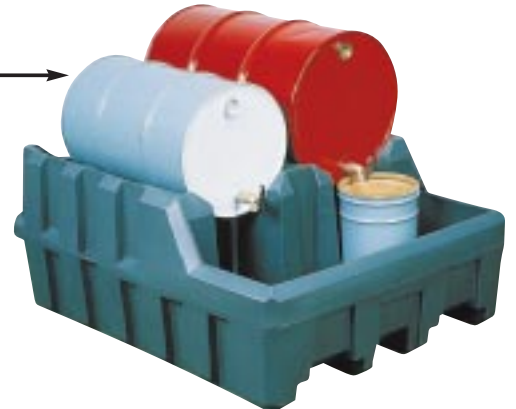

W 125 cm / D 150 cm / H 66 cm / Sump Capacity: 250 Litre  
Load Bearing Capacity: 1364 kg. / Weight: 64 kg.  
Compliance: EPA, UFC

## ● Drum Management System-Stack Module - Product No. 28903

W 125 cm / D 117 cm / H 31 cm  
Load Bearing Capacity: 680 kg. Weight: 32 kg.

## ● Dispensing Shelf - Product No. 28904

W 50 cm / D 48 cm / H 42 cm  
Load Bearing Capacity: 60 kg. Weight: 4 kg.

# SPILL CONTROL FUNNELS

Large diameter funnels provide a simple, cost effective way to collect liquids and keep drum tops clean.

- Low profile, wide diameter offers big "target" for quick and easy pouring. Allows the use of an optional Drum Fill Gauge.
- All polyethylene construction resists most chemicals.
- Elevated, scalloped design keeps containers from resting in their own liquid and permits passive draining of paint cans, filters, and other containers.
- Molded-in side hook offers a convenient spot to hang the optional Funnel Cover.
- Flammables Funnel includes 50mm Fill vent and 150mm Flame Arrester.

## ● Spill Control Funnel for non-flammables - Product No. 28210

OD 53 cm / H 8 cm  
Sump Capacity: 10 Litre / Weight: 2 kg.  
Compliance: OSHA

## ● Spill Control Funnel for flammables Product No. 28211

OD 53 cm / H 8 cm Sump Capacity: 10 Litre  
Weight: 3 kg. / Compliance: OSHA

## ● Cover for Funnel #28210 Product No. 28215

OD 48 cm / H 4 cm \ Weight: 5 kg.

# COLLECTION CENTRES

Spill control devices are the perfect solution for small quantity storage, indoors and outdoors.

- Chemical resistant, Gator-Tuff polyethylene construction stands up to the harshest environments.
- Fully compliant - sump capacities exceed EPA requirements.
- All units are forkliftable for easy relocation.

## Double Drum Collection Centre. Product No. 28250

- Rugged polyethylene with UV protection offers excellent chemical and weather resistance for outdoor usage.
- Security lock included to keep covers closed and contents away from unauthorised use.

## Single Drum Collection Centre. Product No. 28268

- Large diameter opening makes drum loading easy.
- Multiple uses: storing, pumping, or collecting liquids.
- Ideal when space is at a premium. Empty bases nest for storage.

- **28250 Double Drum Collection Centre**  
W 152 cm / D 99 cm / H 29 cm / Sump Capacity: 681 Litre  
Weight: 36 kg. / Compliance: EPA, UFC
- **28255 Collection Centre Base only**  
W 152 cm / D 99 cm / H 69 cm / Sump Capacity: 681 Litre  
Weight: 23 kg. / Compliance: EPA, UFC
- **28268 Single Drum Collection Centre**  
Top 84 cm / OD x BTM 65 cm / OD x 81 cm / Sump Capacity: 200 Litre  
Weight: 20 kg. / Compliance: EPA

# OVERPACKS & LABPACKS

Versatile units for overpacking of damaged containers, collection & transport, emergency response, clean up of contaminated sites, spill control kits.

- Maximum performance..certified for United Nations transport of hazardous materials
- Gator-Tuff, UV-protected polyethylene withstands the rigors of land, air, and sea transportation and offers exceptional chemical resistance.

## Overpack Salvage Drum - 360 litre. Product No. 28201

Complies with DOT 49 CFR 173.3(c)

- Convenient twist-on threaded closure
- no separate, troublesome metal band needed!
- Sturdy forklift shoulders. - Nestable when empty

## Labpack - 76 litre. Product No. 28205

Complies with DOT 49 CFR 173.12

- Designed for smaller bottles, cans, pails.
- Holds medical waste destined for freezer or incineration.
- Stackable for easy storage

- **28201 Overpack Salvage Drum**  
84cm OD x 105 cm H / Sump Capacity: 360 Litre  
Weight: 51 kg. / Compliance: DOT

- **28205 Labpack**  
53cm OD x 56 cm H / Sump Capacity: 76 Litre  
Weight: 6 kg. / Compliance: DOT  
UN MARKING: 1H2/X36/S
