

Ultra SpillKing®

Unique Design Combines A Variety Of Material Handling Capabilities With Spill Control

Ultra-SpillKing features a removable deck with 4-way forklift access. Combined with its 321 litre containment sump, drum handling and storage have never been safer.

Part# 0801

ULTRA-SPILLKING	
Drum Pallet and Sump	Drum Pallet Only
Part# 0801: no drain Part# 0802: with drain	Part# 3000801
Dimensions: 1295 x 1295 x 444 mm	Dimensions: 1238 x 1238 x 139 mm
Weight: 49 kg	Weight: 25 kg
Uniformly Distributed Load: 2948 kg static	Uniformly Distributed Load: 6803 kg static
Containment Capacity: 321 litres	

- Rugged polyethylene construction features a 2948 kg static load capacity.
- Place SpillKing basins in strategic areas — drums can be easily rotated and replaced with the forkliftable deck.
- Meets SPCC, EPA and Uniform Fire Code Spill Containment Regulations.

NOTE: For drum use only.

Ultra FilterDeck Plus®

Filter Grease and Oil from Stormwater Runoff

NEW!

- Heavy-duty polyethylene units use X-TEX® material, a high-performance oil absorbent, below removable grating to remove oil, grease and other hydrocarbons from stormwater runoff.
- Ports are located in base of units to drain off clean stormwater.
- X-TEX® roll of absorbent is quickly and easily removed and replaced.
- Excellent for use underneath dumpsters, grease collection tanks, outdoor machinery or equipment.
- All-polyethylene construction will not rust or corrode.
- Helps meet Stormwater Management Regulations.

ULTRA-FILTERDECK PLUS
Part# 9368
Dimensions: 1885 x 1270 x 133 mm
Weight: 40 kg
Weight Capacity: 4082 kg
