FACTORY FITTED REMOTE CONTROL AUTOMATIC REWIND REELS

**50, 100, 150
& 200 METRE
REEL OPTIONS**

**IMPROVE
YOUR
SPRAYING
PRODUCTIVITY!**

4 metres twin core flex
with clamp set to fit to
your vehicle 12V battery

Retraction provided by belt
driven heavy duty 12Volt
1/3HP high power low rev
electric motor

High pressure ball bearing
style stainless steel swivel

Hose is
lightweight,
kink resistant
& easy to
manoeuvre

**CAN BE FITTED TO
400, 600, 800 & 1000L
FIELD SPRAYERS
& MULTI SPRAYER**

**FIELD
SPRAYER**

**MULTI
SPRAYER**

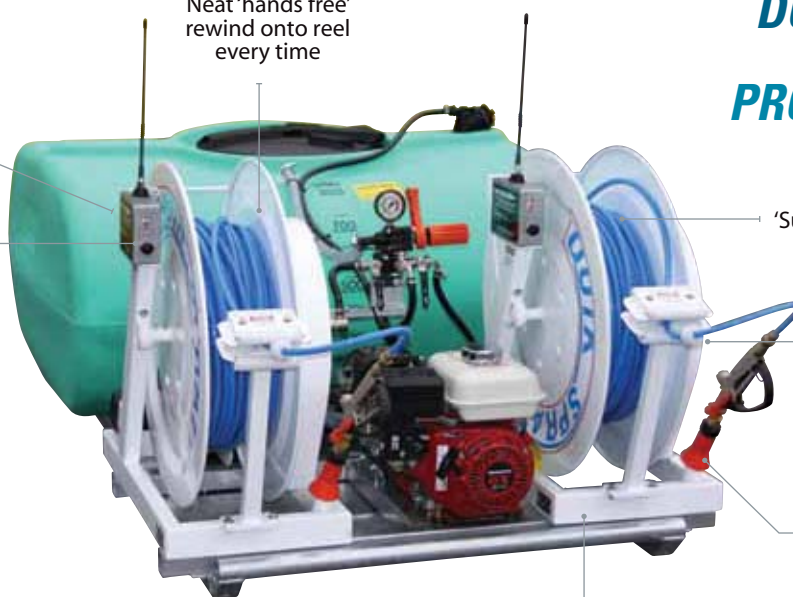

Simple to use, the hose will rewind whenever the button on the small hand held transmitter is pressed. The retraction is powerful enough to easily rewind the full length of the hose. The remote control enables the operator to cover twice as much area in the same time. This means spraying can be completed in half the time without any extra effort!

**TWIN REEL OPTION
DOUBLE YOUR
SPRAYING
PRODUCTIVITY!**

360° remote range
915MHZ frequency
with dip switch coding

Manual override
button for
power retraction

Neat 'hands free'
rewind onto reel
every time

50, 100, 150 or 200 metre
'Supaslip' nylon hose, 10mm
ID, 1000psi burst pressure

Hose feed
in & out at
180° allows
one person
operation at
any angle

Turbo atomization spray
gun for large range
of spraying options
(Not supplied with reels when
reel only is purchased)
