

Safe Ice Handling System

Rubbermaid Safe Ice Handling System is designed to improve productivity while promoting the safe handling of ice to reduce the risk of cross-contamination and improve employee safety.

2.1 kg Scoop with Hand Guard and Holder **NSF**

- Angled handle position over ice cavity improves leverage and control while helping to relieve wrist strain.
- Ice cavity extends under the handle to shield and protect hand from ice contact.
- Frame holder is removable for cleaning and is commercial dishwasher safe.
- Holder presents handle to user for easy access, reducing risk of cross contamination.
- Reinforced leading edge for durability.

The FDA recommends open airholders for air drying and reduced mold and bacteria growth

Capacity is 15% greater than standard scoop, improving productivity.

No.	Description	Metric Dimensions	Metric Ship Wt/Ctn	Colour	Pack
9F50	Scoop with Hand Guard	30.4 cm l x 17 cm w x 19.6 cm h	3.24 kg	TBLUE	6
9F51	Scoop with Hand Guard & Holder*	30.7 cm l x 19 cm w x 20.3 cm h	1.01 kg	TBLUE	1

* Holder is not NSF listed.

3.4 kg Scovel™ Two-Handled Shovel **NSF**

- High sides keep ice contained in cavity reducing spillage.
- Rear handle provides leverage when lifting.
- Forward handle creates pivot point and provides control for accuracy.
- Dedicated "Ice Only" tinted blue polycarbonate allows for easy identification.
- Shield protects hand from contact with ice, reducing the risk of cross contamination.
- Reinforced leading edge increases durability.
- Commercial dishwasher safe.

Fills Ice Tote 3 times faster than standard scoop.

No.	Description	Metric Dimensions	Metric Ship Wt/Ctn	Colour	Pack
9F52	Scovel™ Two-Handled Shovel	74.6 cm l x 22.3 cm w x 17.5 cm h	1.41 kg	TBLUE	1

Ice Tote with Bin Hook Adapter **NSF**

- Ice Bin Adapter keeps weight elevated off the floor to reduce the risk of back injury.
- Angled top surface helps prevent spills when filling and acts as a pour spout for enhanced control when pouring ice from rear corners.
- Ergonomic comfort grip handle allows for best distribution of weight in the users hand, while the looped handle has a robust connection to the tote.
- Dedicated "Ice Only" tinted blue polycarbonate for easy identification.
- Rear hang hook allows tote to hang upside down to dry.
- Hand grip is elevated off floor to help prevent cross contamination.
- Fits in commercial dishwasher and is non-nesting for safe storage.
- Available with or without adapter.

5.5 gallon equals 11.8 litres of ice.

No.	Description	Metric Dimensions	Metric Ship Wt/Ctn	Colour	Pack
9F53	Ice Tote	26.6 cm l x 33.7 cm w x 45.3 cm h	1.95 kg	TBLUE	1
9F54	Ice Tote with Bin Hook Adapter	30.9 cm l x 33.7 cm w x 45.3 cm h	2.15 kg	TBLUE	1
9F56	Ice Bin Hook Adapter	25.1 cm l x 29.9 cm w x 4.2 cm h	1.31 kg	0000	6

Ice Only Cart for Two or Four Ice Totes **NSF**

- Ice Only Cart transports four (4) Ice Totes safely and securely throughout the foodservice operation.
- Improves efficiency while reducing slip / fall and back strain during transfer.
- Use of Ice Tote Lid reduces risk of cross-contamination during transport.
- Durable metal components stand up to commercial kitchen usage.

Safely transports 45 kg of ice.

No.	Description	Metric Dimensions	Metric Ship Wt/Ctn	Colour	Pack
9F55	Ice Cart*	57 cm l x 14.5 cm w x 99.4 cm h	7.44 kg	BLA	1
9F73	Ice Cart Lid*	30.5 cm l x 28.6 cm w x 5.1 cm h	1.10 kg	BLA	4
