Dome Mirrors

Dome Mirrors are highly versatile, lightweight alternative mirrors for indoor applications, where general surveillance of a specific areas is required, or when central observation is proffered. Domes provides a broader coverage than standard mirrors and are suited for applications at corners, four-way intersections or t-intersections.

Full Dome:

Full domes may be suspended on chains or fastened to ceiling and Provide a 360 Degree view.

Half & Corner Domes:

Half domes provide a 180 Degree and Corner domes a 90 degree View.

Part Number	Mirror Type	Descriptions	Face Type	Fixing	Bracket Type	Distance Guide*
