Indoor Convex Mirrors

SAFE-T-VIEW CONVEX MIRRORS

Valuable goods shielded from view by partitions and shelving become an easy target. Convex mirrors help to stop thief and prevent vandalism. Their presence alone is a powerful deterrent.

Your field of vision is extended to a much boarder area. **YOU ARE IN CONTROL.**

At blind corners and corridors intersections, in hospitals, schools, factories and offices, wherever busy people come and go - there is a risk to collision and injury.

Convex mirrors help prevent accidents.

They let you see around corners and over obstacles.

You check the way is clear and proceed with confidence.

SAFE-T-VIEW indoor convex mirrors are inexpensive, lightweight and easy to install.

As an aid to safety or as a security device, a convex mirror will protect property and people effectively and economically.

- Impact resistant, long life acrylic face.
- Simple fixing in minutes.
- Easy adjustment at any time.
- No maintenance required.
- Single outlay, long term benefit.

Premium indoor:

Strong, wide-angle mirror with impact- resistance acrylic face and water proof back.

The 3 pivot bracket system is ideally suited for roll door & lay flat applications,

Best Distance*

Measured by adding the distance from viewer to mirror to subject being viewed.

Distances are an indication only - most mirrors provide satisfactory service well beyond this range

Our policy of constant product improvement may lead to changes to specifications/prices without notice.
