Outdoor Convex Mirrors

SAFE-T-VIEW CONVEX MIRRORS

Improve safety and protect your property. At intersections with poor visibility, sharp bend, obscured entry-exit locations, carparks and where heavy trucks or forklifts are in operation, the risk of property damage or serious personal injury is heightened. Convex mirrors help prevent accident by extending the field of vision of drivers and pedestrians.

Outdoor convex mirror accepted by municipal councils, railways, mining & Heavy industry Essential for road and traffic safety (Premium and Standard Outdoor)

- Orange visor & Surround calls attention to the mirror(Premium & std.).
- Convex shape Prevents dazzling glare. • Extremely durable, weatherproof construction.
- Low-cost, no-maintenance solution to improved safety.

Premium :

Best Distance* Measured by adding the distance from viewer to mirror to subject being viewed.
 Distances are an indication only - most mirrors provide satisfactory service well beyond this range

Note 1 Distance guide for traffic mirrors depends on the need to be noticed, area coverage required and the speed on the traffic
 A large mirror helps reduce reaction time.

Our policy of constant product improvement may lead to changes to specifications/prices without notice.
