elfa BaseMate System

elfa BaseMate Creative Storage in Secondary Environments

BaseMate - another revolutionary storage solution from elfa. Create flexible storage solutions in all areas throughout your home, including your garage. Its innovative design means that the only component that requires screw fixing is the top track. The hanging rails simply clip onto the top track. Slot the brackets into place, and snap in elfa ventilated wire shelves and shelf baskets. The entire wall space can be utilised for maximum storage. By adding BaseMate components you will discover how efficient and well organised your secondary environment will become.

1. 90cm Shelf Basket - ideal for storing smaller items.
2. Divider for Shelf Basket - For dividing a shelf basket into smaller sections, or use as basket ends.
3. Double Hook - for different types of garden tools. Mount beneath 40cm deep elfa shelves.
4. Round Hook - for garden hose and cords etc.
5. Side Hook - mount on the outer ends of 40cm deep elfa shelves. Ideal for long gardening tools.
6. Utility Hook - sturdy hook for attaching to shelf baskets and elfa shelves.
7. Post - fits 40cm bracket. Keep skies, fishing rod and snowboards in place and protect from scratching.
8. 90cm Hook Rail, (including 6 hooks) - mount onto hanging rail, for storage of garden utensils, powertools etc.
9. Rail Hooks - additional 4 hooks for hook rail.
10. Handles for elfa Drawers - ideal for carrying children's toys, boat utensils, glass for recycling etc.
