Effective 5th February 2009

Supply & Linen Trolleys-Medium Duty

for Manual operation, Powered Operation and Internal Towing.

These units are very easy to handle due to the lightweight, but very strong, robust construction...

The standard 6 wheel Castor configuration means the trolley is very stable, can be easily handled around tight corridors and ramps.

MODEL AVAILABLE :

 Powdercoat Cream or Grey is standard.

Part Number	Description	
# SPLT-13070-LB	1300mmL x 700mmW x 1200mmH (plus castors)	
# SPLT-12060-LB	1200mmL x 600mmW x 1200mmH (plus castors)	

Note: Height of 1200mm is from base to top

The standard 6 Wheel castor setup has two x 200mm Fallshaw Blue, resilient tread wheels in the centre, and 175mm Fallshaw Swivel castors with Urethane tread on each corner.

Fallshaw castors are Australian made, most commonly used in Hospitals and nursing homes and are of top quality... spares are ALWAYS available

Trolleys can be supplied flatpacked for more economic transport to your distant location.
 We recommend the 1200x600 unit as it fits neatly on a standard pallet.

ALSO AVAILABLE WITH...

- Battery / Electric Drive
- Towing attachments for use with Golf Carts, Electrodrive Tugs and Gzunda units
- Castor Options,
- Half gates / Full Gates,
- Fold Up Shelves,
- Weatherproof & Dustproof Covers
