

WORK TAINERS

- Nesting & Folding Ability
- High Volume Capacity
- Highly Manoeuvrable
- Light Weight
- High Impact Plastic Base
- Baked Enamel Finish
- Unique Castor Design with minimal rolling resistance

Images not to scale

The unique folding design allows the empty cage trolley to be nested reducing the storage space required in the Warehouse

Once fully loaded the cage style trolley offers large volume capacity with ease of movement. Available in 300 kg and 500 kg capacities
