### Step 1

Choose your Crossbar and Leg Combination.

(Aero Crossbar)

or

(European Crossbar)

+

### Step 2

Choose your Pad & Clamp Kit for your vehicle.\*

(Pad)

=

(Clamp)

Your Load Carrying Solution!

or\*

\*Based on Step 1 selection.

## Ready Set Go - Installation

### General Fitting Guide:

1. Position assembled Roof Rack System & lift the flap.
2. Tighten the clamp bolt as shown.
3. Close the flap once tight and you are ready to go.

**The Rhino 2500 Multi Fit System.** This roof rack system is DIY fitment , gutterless mounting, offers two crossbar options, is strong and more importantly quick to install.

With our new "Ready Set Go" Installation procedure, we can get you and your equipment to where you really want to be, sooner!

Our new 2500 system is available in 2 crossbar styles - Aerodynamic or traditional European (square) bar and of course, Rhino has a complete range of accessories to suit both styles.
