Hilux Extra Cab	1998 to Curr	521M		
Hilux Single Cab	1983 to 1988	510M		

Tuff Tonneaus Ute Mats are a premium grade rubber that will protect the tray.

It will resist tearing, cracking or warping and is resistant to most chemicals and liquids.

The anti-skid design stops the load shifting and the raised dimple undersurface allows air and water to circulate. This helps prevent rust.

The mats are easy to install and require no fastenings.

There is an optional extra tailgate mat that protects the tailgate giving complete protection and a finished appearance.

A Ute mat leaves the tray in perfect condition and increases the resale value of your vehicle, even after a number of years of hard work.

Plus \$15 freight Ex. GST per order from Factory. All prices subject to 10% GST - Australia Only

Our policy of constant product improvement may lead to changes to specifications/prices without notice.
