# HIGH DENSITY STORAGE

BOSCOTEK™ High Density cabinets are designed to provide years of maintenance free convenient storage. Manufactured from the finest grade materials using state of the art manufacturing technologies, practices and equipment, BOSCOTEK™ High Density cabinets ensure a durable, reliable and strong work place storage solution.

The BOSCOTEK™ easy order guide is designed to showcase the diverse range of BOSCOTEK™ High Density storage products available. To simplify the ordering process we have created a selection of standard cabinet configurations and drawer partitioning sets, these are illustrated on the following pages.

## Colours

Cabinets and drawers are available in a wide range of standard and premium colours and finishes allowing you to complement your existing or new workspace area.

## Understanding this guide

The BOSCOTEK™ easy order guide is arranged by cabinet size. Each page contains an individual cabinet size and illustrations of BOSCOTEK™ easy order configurations for the unit. Cabinets are grouped by width and depth with compatible drawer partitioning sets illustrated at the end of each section. Section 7 of the guide contains additional cabinet options, bases and benchtops can be added to your cabinet to ensure its versatility is maximised. Section 8 contains details regarding the diverse range of BOSCOTEK™ High density drawer accessories.

If you cannot find the cabinet or drawer configuration you require in this guide, custom configurations and arrangements can be created to accommodate your needs. For more information regarding creating a custom configuration speak to a BOSCOTEK™ representative.
