Lifting Equipment - QuikStak Smart Stacker

STACKS BETTER FOR YOUR BUSINESS

But This....

- **Lifts Effortlessly**

Battery-powered hydraulics do all the hard work.

- **Shifts Easily**

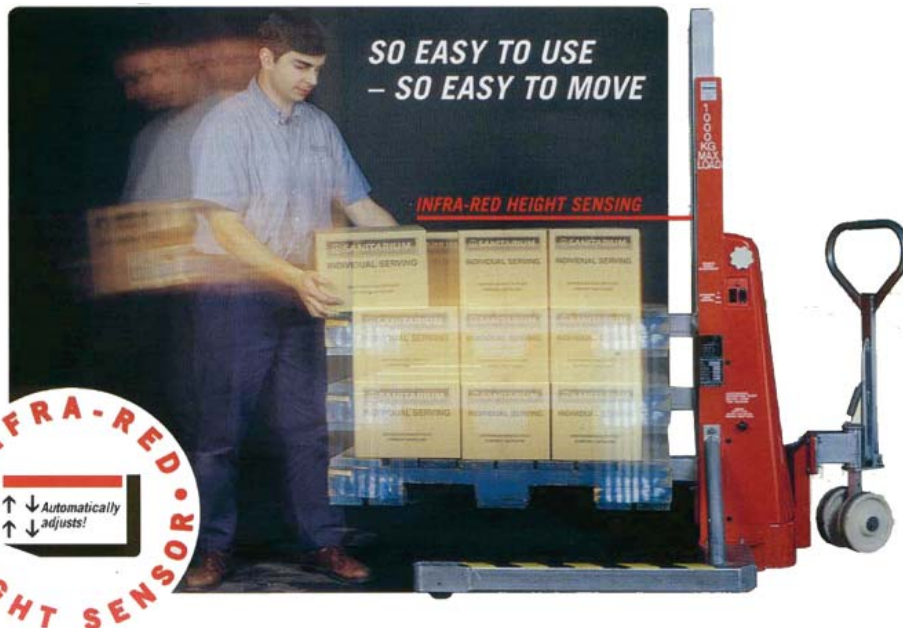

With Large Diameter rear steering wheels and extra heavy duty front wheels, the QUIKSTAK really is easy to move and steer. Self-propelled models also available.

- **Stacks Efficiently**

Adjustable infra-red height sensor option keeps you working at the right level.

- **No Need To Bend Or Lift**

While loading or unloading pallets. Dial in your working level QUIKSTAK does the rest just AUTOMATICALLY!

SAVE \$1000'S
 in labour and back injury costs

Range Available:

- up to 2.4 metre lift height
- up to 2.5 tonne weight capacity
- Push or Shelf Propelled
- Built-in Digital Scales
- and more...

All prices/specifications subject to change without notice.

Replaces all previous versions

Effective 5th July 2006
