CM PORTABLE LIFTER

The CM Portable Lifter is perfect for the installation of:

- ◆ Air conditioning
- ◆ Garage door
- ◆ Awning
- ◆ Solar heating
- ◆ Any heavy load lifting...

KSF Portable Lifter CM is the multi-purpose device, essential for any business requiring the lifting & control of heavy loads for installation- i.e. air conditioners, Garage Roller Doors, Awnings..etc.

Features such as quick set-up, a level for uneven terrain and optional accessories, turn 3 men lifting jobs into a single man lifting job where safety is paramount. The KSF Portable Lifter-CM will give your business the edge over your competitors by reducing your labour cost and increasing your productivity.
