## SPACEPAC MULE - COMPACT WALKIE STACKER

The Spacepac Mule Compact Walkie Stacker is a simple to use walk behind forklift that can also be used as a ride-on. Unlike most walkie stackers on the market the Spacepac Mule Compact Walkie Stacker has effortless steering and exceptional manoeuvrability. The Compact is ideal in small factories with limited floor space and tight corridors.

### Features:

- Safe lifting capacity of 1600kg
- 3000mm lift height
- Steer-By-Wire system(SBW), high-efficiency AC motors, and built-in pressurized hydraulic cylinder for ease of steering
- Optional ride-on or walk behind operation
- Standard fork design, fixed tines (not suitable for pallet lifting)

### Specifications:

- 2000mm L x 900mm W x 2600mm H

Part Number: # **MULE-CWS**
