ULTRA - I BEAM AND RACK PROTECTORS

Modular design allows installation on wall-mounted I-beams and angled columns and supports.

Molded groove simply slides onto I-beam, grips securely.

ULTRA - I BEAM PROTECTORS

Protect I-Beams From Forklifts, Pallet Jacks and Other Equipment

- Modular Design — Use one Protector for each flange of I-beam. Allows installation on beams obstructed by walls or other structures. Four Protector units completely cover I-beam.
- Install multiple units in a "stacked" mode for higher protection from scissor-lifts, raised forklifts and other high-reaching equipment.
- All polyethylene design — no painting or maintenance required for upkeep.
- Specially designed groove allows for quick and easy installation. No straps or fasteners required.

Part Number	Dimensions & Detail
# 1521-PR	190 x 215 x 1066 mm Weight : 3 kg Material: HDPE Polyethylene

ULTRA - WALL PROTECTORS

Polyethylene Protectors Prevent Rack System Damage From Pallet Jacks and Other Equipment

- Installs quickly and easily - simply slide onto rack system legs. Pre-drilled holes can be used for permanent installation (hardware not included).
- All-polyethylene construction - eliminates painting and other maintenance.
- Available in 225mm and 450mm heights - can also be stacked for protection from taller equipment or raised forklift tongs.
- Low profile will not obstruct aisle clearance.
- Safety yellow color provides "visual caution" for drivers and other personnel.

Part Number	Dimensions & Detail
# 1515-PR	225mm High; 4 Pack
# 1516-PR	450mm High; 4 Pack
