# BONDING & GROUNDING WIRE ASSEMBLIES

Provide effective grounding to dissipate static electricity generated during transfer of flammable liquids. Convenient means for complying with OSHA requirements for protection against static sparks.

Standard assemblies are available with end connections as show in flexible steel cable, 1m (3ft), 2m (6ft) and 3m (10ft) lengths.

## Coiled Bonding Wires

Coiled cable bonding wire provides an effective cost-efficient and easy to use system that keeps cables off the floor. Corrosion-resistant vinyl coated coiled bonding cable available in 3m (10ft.) and 6m (20ft.) lengths.

## Bonding Reels

Provides safe storage for cables away from corrosives and other hazardous elements. Galvanized steel cables available in 6m (20ft.) and 15m (50ft) lengths.
