# SPECIALTY SAFETY CANS

## Transport Cans

Designed for transporting flammable liquids in vehicles over highways or roads, these durable cans meet D.O.T. and U.N. Reference 49 CFR Part 178 requirements. Special roll bar safety guard protects the valve and filler cap against damage during transport or use and a fusible element in the fill spout is designed to melt and expose vent holes to relieve any internal pressure build-up if temperatures exceed 71 degrees C (160 degrees F). Constructed of rugged ZIACOTE coated steel. A 19mm flexible metal nozzle is standard.

Part Number	Description	Capacity (Litre)	Dimension (mm)			Test Lab Listing	Trade Price Exc.GST
			H	W	L		
# 8473X-PR	Ziacote coated steel	11	394	305	305	UN	\$ 624.00
# 8475X-PR	Ziacote coated steel	19	502	305	305	UN	\$ 675.00

## Dispensing Cans with Bottom Faucet

For bench or elevated shelf use, these safety cans feature a bottom faucet internally linked to a built-in vacuum breaker to provide smooth liquid flow when dispensing. The bottom faucet extends 115mm and features a safety latch to prevent inadvertent opening of the faucet. Available in ZIACOTE or electro-polished 316 stainless steel. **Faucet/Valve Extension: 115mm**

Part Number	Description	Capacity (Litre)	Dimension (mm)			Test Lab Listing	Trade Price Exc.GST
			H	W	L		
# 207V-PR	Ziacote	19	432	318	318	FM	\$ 269.00
# F207V-PR	316 S/Steel						\$ 790.00

## Tilt Cans with Brass Faucet and Tilt Frame

Designed to mount on a stable tilt frame for easy dispensing. The can easily tips with one hand to the correct dispensing angle and swings upright when released. Perforated-metal flash arresters are located in both fill and dispensing openings to guard against ignition of contents. Features a self-closing faucet and are available in ZIACOTE and 316 stainless steel construction.

- A. # 1311-PR Tilt Frame & # 1312-PR Tilt Can  
 B. # Z1311-PR Tilt Frame & # F1311-PR Tilt Can

Part Number	Description	Capacity (Litre)	Dimension (mm)			Test Lab Listing	Trade Price Exc.GST
			H	W	L		
# 1312-PR	Tilt Can - Ziacote	19	584	362	368	-	\$ 291.00
# F1312-PR	Tilt Can - 316 S/Steel						\$ 1,089.00
# 1311-PR	Tilt Frame only - Ziacote	-	-	-	-	-	\$ 115.00
# Z1311-PR	Tilt Frame - 316 S/Steel	-	-	-	-	-	POA

## Viscous Liquids Cans

Designed for use with adhesives, rubber cements, paints and other viscous flammables. Round and oval shaped cans feature large openings and "guillotine" valve closures to assure adequate flow and clean cut-off of liquid stream. Constructed of rugged ZIACOTE coated steel.

**Faucet/Valve Extension: 203mm**

Part Number	Description	Capacity (Litre)	Dimension (mm)			Test Lab Listing	Trade Price Exc.GST
			H	W	L		
# 887A-PR	Oval - Ziacote	3.8	324	121	190	FM	\$ 365.00
# 264A-PR	Round - no gatevalve	19	394	318	318	-	\$ 370.00
# 267A-PR	Round - with gatevalve						\$ 408.00
