

Ultra IBC SpillPallet

Double Stack IBC Tanks And Save Valuable Floor Space!

Inner polyethylene supports feature a dense pattern of vertical ribs which provide superior strength. Rated at 7257 kg UDL capacity, the Ultra-IBC SpillPallet will provide years of service under rigorous conditions.

All Ultra-IBC SpillPallets offer slip-resistant grating to provide additional safety for material handling.

- 7257 kg weight capacity accommodates up to two full IBCs.
- 100% polyethylene construction has no metal parts — rust and corrosion are things of the past.
- 1514 litre sump capacity meets SPCC and EPA Container Storage Regulation, 40 CFR 264.175.
