

Ultra IBC SpillPallet Plus

Economical And Portable Containment For IBCs

Part# 1157

- Low profile, 711 mm overall height — allows safe and convenient IBC tank handling and dispensing.
- All polyethylene construction — offers excellent chemical resistance and will not rust or corrode.
- Forkliftable — allows convenient positioning to desired locations.
- Low-cost design with value-added features and benefits.
- Large 1320 x 1320 mm deck allows safe and convenient placement of IBC tanks.
- Small footprint — 1574 x 1574 mm unit requires minimal floor space.
- Available with optional Bucket Shelf (Part# 1160) — catches leaks or spills during dispensing.
- 1362 litre sump capacity meets SPCC and EPA Container Storage Regulations.

Part# 1159 (Cover)

Optional PullOver Cover keeps rainwater out of sump and helps comply with Stormwater Management Regulations.

Four inner polyethylene columns support uniformly distributed loads of up to 3855 kg. All components are easily removed for cleaning.

Part# 1160 (Bucket Shelf)

Spills from dispensing that exceed 11 litres are channeled into the 1362 litre sump through a bulkhead fitting.

ULTRA-IBC SPILLPALLET PLUS

Ultra-IBC SpillPallet Plus		Ultra-BucketShelf
Part# 1157: no drain Part# 1158: with drain	Containment Capacity: 1362 litres	Part# 1160
Dimensions: 1574 x 1574 x 711	Uniformly Distributed Load: 3855 kg	Dimensions: 495 x 406 x 368 mm
Weight: 146 kg	Meets EPA Container Storage Regulation 40 CFR 264.175, 264.177(c) and 265.177(c).	Weight: 4 kg

U.S. Patent No. 5,615,608
