# ULTRA - SMART BINS

MOTION ACTIVATED LID KEEPS HANDS SAFE FROM BIOHAZARDOUS WASTES

## ULTRA - POST PROTECTOR PLUS

- Infrared sensors detect motion and provide "touchless" opening of lid -  
 No buttons to press.  
 No handles to lift.  
 No pedals to step on.
- Lid closes automatically three seconds after hand/ object is moved from area - provides superior odor, hygiene and infection control.
- Three sizes available to fit any application.
- Comparably priced to step-on type waste receptacles.

All units operate on four (4) D batteries (not included.)  
 Expected battery life 12 months under normal use  
 (normal use is defined as opening and closing 30 times per day.)  
 Pallet Quantities: 7 litres – 64 • 26 litres – 42 • 45 litres – 30

Part# 1750: 7 litre size is ideal for lab countertops - replaces open or exposed bags or containers that are easily spilled or damaged.

Inner bin is easily removed for quick liner replacement.

Removable ring keeps liners secure — makes disposal quick and easy (liner not included).

| Part Number | Description  | Weight (kg) |
|-------------|--|-------------|
| 1570-PR     | 7 Litre, Red, Plastic Lid and Base<br>431 x 304 x 228mm                | 2           |
| # 1573-PR   | 26 Litre, Red, Plastic Lid and Base<br>508 x 355 x 254 mm              | 3           |
