Effective 6th September 2006

SPACEPAC MEDALIST

PROFESSIONAL DISTANCE MEASURE

Precision engineered to the highest quality.
One person operation-automatically records measurements as you walk
Suitable for builders, farmers, road contractors council,
schools, real estate, police accident investigators.

Durable, lightweight and compact.
The 300mm measuring wheel is easy to use.
Simply press the reset level on the counter meter.
The counter adds when the measurer is moving forward
and subtracts when reversed.
This allows the operator to correct a measurement
if the marks are over stepped.
The mechanical counting head,
has a five digit read out.
And is complete with an inbuilt light facility
for night use.
After folding, the unit is carried
in a durable
canvas carry bag.

SP7500
