MEGA BIN & FORWARD BIN TIPPER

Bin Tipper

Specifications:

- * 1500kg Safe Working Load
- * Pocket Size 160 x 65mm
- * Pocket Centres 630mm

Type FBT-M Forward Bin Tipper

Features:

- The FBT-M forward bin tipper allows for 180 degree rotation.
- We can manufacture the FBT-M to suit your specific bin size.
- No hydraulic connection required to the forklift.
- Rotation carried out without the forklift operator leaving his seat, the faster the lift the quicker the empty.

Part Number	Description	
# FBT-M-GALV	180 Degree Tip-Made To Bin Size-Galvanised	
# FBT-M-PNTD	180 Degree Tip-Made To Bin Size-Painted	

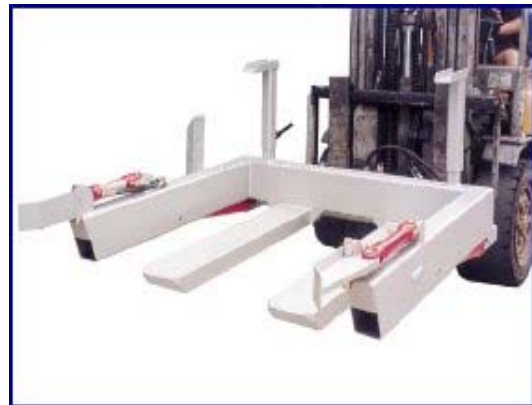

Type FBT-SH Forward Bin Tipper

Features:

- Ideal for agricultural and manufacturing industries.
- This slip-on attachment is fitted in seconds, requiring only a single hydraulic function.
- The purpose built hydraulic sequencing valve eliminates the potential to drop a bin (rotation will not commence until bin is correctly restrained), while the gentle action of the clamp arms prevents damage to the bins.
- The standard FBT-S unit will suit bins up to 1200mm square, with height range of 675 to 925mm.
- Non standard size and capacity attachments can be manufactured.
- This unit is also available in carriage mounted applications.

Specifications:

- * Lost Load 300mm
- * Unit Weight 290kg
- * SWL 1000kg
- * Max Tine Size 150 x 50mm
