

MANTOVA

Post Style Dunnage Shelving

Requiring no tools for assembly Mantova's Post Style Dunnage Shelving allows heavy duty shelving to be as easily set up and configured as standard shelving. Each shelf is height adjustable to suit.

► **SHELVES**

Will hold 400kgs

Manufactured from 25 mm x 25 mm x 1.6mm Square Tube. Designed to withstand heavy loading.

► **POSTS**

Posts are fitted with an adjustable bullet foot that allows for floor fixing and provides 65mm of adjustment.

Can also be fitted with an adjustable Stainless Steel Disc Foot

► **FINISHES**

- Polished Stainless Steel
- Zinc + Lacquer
- Zinc + Powder Coat

Post Style Dunnage Shelving Sizes

Depths	Lengths	Standard Post Heights
450mm	600, 750, 900, 1050, 1200, 1350 and 1500mm	3 tiers - 1200mm high
525mm		4 tiers - 1800mm high
600mm		5 tiers - 2000mm high

Dunnage Shelves

Dunnage shelves are used to store heavy items off the floor. For loads up to 400kg use post style dunnage shelves. For loads in excess of 400kg use the fully welded dunnage rack. Both styles are available in 2 tiers.

► **SHELVES**
